

Thanks to Northern Queensland Primary Health Network (NQPHN) – Central Queensland Rural Health (CQRH) are now able to deliver Lactation Consultant services and Postnatal Care and support within your community. This program will partner with local services to establish an integrated system of care for mothers and families.

Postnatal Education & Lactation Services

CANNONVALE, PROSERPINE, BOWEN, COLLINSVILLE

- ✓ Weekly appointments available with a Lactation Consultant for 1 to 1 care and advice;
- ✓ Access to telehealth for routine non-procedural consultations;
- ✓ Early detection and management of Breast Feeding issues and follow up as needed;
- ✓ Culturally informed practice for indigenous, refugee and migrant populations.
- ✓ Linkage to other services for mothers and families;
- ✓ Developing shared care arrangements to ensure women have access to known carers through their post-natal and breastfeeding period.

Please contact Central Queensland Rural Health (CQRH) for details of when our visiting services are in your area:
